

WHERE SHOULD WE GO NEXT?

In Fall 2013, students who are involved in the ZAP Club at ZHS will have the opportunity to choose the next tour location; travel to occur during the 2015-2016 school year. Students and parents should look for more details when students return to school. In the meantime, individuals can click on the link found on the link for a list of EF destinations, which can be found in the FAQ section of the main page.

When looking for options, individuals should keep the following details in mind:

- Tours last between 6-10 days maximum.
- Travel coincides with the school district's spring break (usually published in Spring of the proceeding school year), so keep in mind weather and social events that occur during this time.
- Tours are linked to units of study: The Holocaust, Shakespeare, The Renaissance, etc. Try to avoid researching trips with little to no relevance to the high school curriculum.
- Keep in mind costs. Each of the trips that have been or are scheduled to be completed range from \$2000.00 - \$3000.00. We would like to make each trip available to every student. Money for trips is either raised through fundraising or employment. With nearly two years to earn the money, trips that surpass this threshold eliminate many students.
- Interest and Safety. EF offers trips to many countries however current political concerns may make some unlikely destinations.
- Be adventurous: Start naming destinations that you have studied and that have stirred an interest.
